Communication Technologies

R9000 | LMR | LTE | 6GHz

The New World of Communications Test Equipment

LTE Ready
6GHz Communications System Analyzer
Vector Network Analyzer
Interference Analysis
Industry Leading Spectral Purity
20 MHz instantaneous Bandwidth
Top and Bottom port configurations
P25 Phases 1 and 2
DMR, NXDN, TETRA
AutoTune

The R9000 marks a new era in mission critical communications test support. It not only services the entire range of LMR technologies, but provides a migration path for those planning First Net implementation.
